RE: HIL and ITG Strategic Partnership

Mark,

I wish to take a moment and express my sincere gratitude to you and the ITG Team for your superior performance in taking care of the needs of Hadsphaltic International, Ltd. and our many clients.

Having known and worked with ITG when I was with previous companies, it does not surprise me when I learned that ITG has had a 43 year relationship with Hadsphaltic started by your father, and continues to this day under your service. That is the legacy to the success and client service ITG has provided to many clients over the years in the Caribbean basin.

I have found your team to be extremely easy to work with, professional and service oriented, and more importantly, dependable in all business matters. In addition the wide range of products that are available through your partnerships with manufacturers and the pricing structures you offer gives me a definitive advantage over my competitors. This is real value to me that translates into increased profits and the increased level of client service I can offer to my clients.

I look forward to continuing our professional relationship over the years to come to the mutual benefit of both of our companies. Should you ever need a reference for ITG to a potential client, feel free to have them give me a call.

Sincerely,
Hadsphaltic International Ltd.

Bob McDaniel
Managing Director
