TO WHOM IT MAY CONCERN

Re: INTERNATIONAL TRADING GROUP

It is my pleasure to provide a reference for International Trading Group. Our family has done business with (ITG) family for over 20 years and I can attest from our experience that this company conducts their business affairs with unquestionable integrity

I would also add that the company, lead by President Mr. Mark Sokolow, is a very impressive group of people, hard-working, energetic, honest and a highly dependable and supportive business associate.

I have no hesitation in highly recommending (ITG) and ask that you do not hesitate to contact me should you require any further clarification or information on this matter.

Yours faithfully

Gene Thompson
